

CABRILLO NEWSLETTER – FEBRUARY 11, 2022

Hello Cabrillo Families –

Wow! *The time seems to be flying by!* This week ALL of our pool tests returned with negative results... that hasn't happened since before winter break. We are so excited to have our Covid Health Assistant, Betty Dahlberg at Cabrillo. She is taking the lead in pool testing, rapid testing and speaking with parents, if their child tests positive for covid.

As we look forward to next week and beyond on our calendars, please remember that next Friday, February 18th is a site minimum day at Cabrillo. Then, we have **Presidents' Week** off from February 21 – 25. Monday, February 28th is a staff professional development day across the district, so your students would return on Tuesday, March 1st.

This is a repeat from last week, but if your child is in 6th grade, please know that they may not start 7th grade without proof of a T-dap vaccination. If you had it done at your child's last physical, it's not too soon to get it to Mary Griggi in the front office - she'll happily take it early!

K/1 had an awesome online BINGO game last evening! Thank you to the teachers for setting it up! They said a GREAT time was had by all.

We are still having facilities issues in the cafeteria which has prevented us from sticking to the February lunch menu. I took a screen shot of what will be served next week. We anticipate that the issue will be fixed while we are all off for President's Week, but I will keep you posted.

Next Friday, a lovely parent volunteer will set up all the lost and found, outside at dismissal time. Please come and look through to find your child's lost items. We have a large pile of things and we'd love them to get back to the rightful owner.

Monday is Valentine's Day! Please encourage your student to wear **PINK** or **RED** to show their school spirit!

Sincerely,

Annie
